

Jacob Morgan

4x Best-Selling Author,
Keynote Speaker,
and Futurist

JACOB  MORGAN

After graduating with honors in business management economics and psychology from the University of California Santa Cruz, Jacob was excited to join the corporate world. At his first job, he was told that he'd be traveling the country, meeting with executives and entrepreneurs, and doing all sorts of exciting work. A few months in, he was stuck doing data entry, cold calling, and PowerPoint presentations. One day the CEO came out of his nice corner office, handed Jacob a \$10 bill and said "I'm late for a meeting, go grab me a cup of coffee, and get something for yourself as well." That was the last corporate job he ever had.

Today, Jacob Morgan is a trained futurist and one of the world's leading authorities on the leadership, the future of work, and employee experience. He is the best-selling author of four books: **The Future Leader (2020)**, **The Employee Experience Advantage (2017)**, **The Future of Work (2014)**, and **The Collaborative Organization (2012)**. He speaks at over 50 conferences a year including TED Academy which is one of the largest TED events in the world.

He is the founder of [The Future of Work University](http://TheFutureofWorkUniversity.com) at FutureOfWorkUniversity.com, an online education and training platform which offers courses around a variety of topics including leadership, employee experience, customer experience, and entrepreneurship.

Jacob hosts two popular podcasts: The Future of Work With Jacob Morgan and the Be Your Own Boss Podcast about entrepreneurship, which he produces with his wife Blake.

His work has been endorsed by the CEOs of: *Unilever, Cisco, Mastercard, Nestle, Best Buy, SAP, KPMG, T-Mobile, Audi, Kaiser Permanente, and many others.* Jacob has also contributed to and been cited in publications such as *Cosmopolitan, The Wall Street Journal, NPR, CNN, Glamour, the MIT Sloan Management Review, USA Today, and The Harvard Business Review.*

Based on Jacob’s ongoing research of 252 organizations, he will share why employee experience is the next big area of investment, what the top companies are doing, and how you can go about creating an Experiential Organization. The future of work is all about the employee experience.

"Jacob kept our 1500 attendees engaged from beginning to end by demonstrating his enthusiasm, humor, and knowledge for how work is changing. Though, it is his style that so clearly helped him connect with our audience. Jacob isn't so much a "lecturer" as a "friend in conversation" and it was a pleasure to spend time with him and added to our understanding of what is happening to "jobs/work". I have no hesitation in saying, Jacob was a great choice to join The Forum 2016 hosted by the National Association Workforce Boards. "
